Police Court

G. Hutton, a homesteader out west, who had been mining at Bankhead, got off the train last week, and was arrested for carrying explosives in his trunk, and was sent up for trial by Justice Wallace. This man arrived here on the early morning train, and when the operator was about to drop his trunk from the baggage car he discovered that there were several sticks of what looked like dynamite to be seen. On investigation it was found that the trunk contained about thirty sticks. What he intended to do with this large amount is hard to say, but it is no doubt he was willfully ignorant. He contended, the sticks were not dynamite but black powder. As they were explosive, the justice had nothing to do but commit him.

North Red Deer Notes

At a well attended meeting of the ratepayers of North Red Deer, held in the village office Monday evening last, for the purpose of receiving nominations for Council to fill the seat vacated by Mr. J. P. Nielsen, Mr. Walter W. Webb was elected by acclamation. The Council has made arrangements with the City of Red Deer for the use of the nuisance grounds situated north of the village. Any person found depositing garbage, manure or other refuse within the boundaries of the village will be prosecuted. The assessment roll for 1913 has been completed and the notices sent out. The assessment roll is open for inspection by any property owner during the clerk's office hours at the village office, from 9.30 to 12.30; on Mondays, Wednesdays and Saturdays. All appeals against the assessment must be made in writing and in the hands of the Secretary-Treasurer by the 15th of May.

Women's Institute Meeting

The regular monthly meeting of the Red Deer branch of the Women's Institute will be held on Saturday, May 3, at 3 p.m. in the School room of the Methodist Church. There will be a very interesting meeting, and all women interested in home problems should remember the date and be in attendance. The programme arranged is as follows: A-The Disposal of Waste. B-The House Fly, and How to Get Rid of it. These will be taken up by Mrs. F. H. Tallman. A demonstration of the use of the fireless cooker will be given by Mrs. F. S. Simpson. Musical selections will also be given.

Frank Rides The Goat

Red Deer Lodge No. 1293 L.O.O.M. held their big Stampede last Saturday evening, over one hundred being present. Ritualistic ceremony was exemplified by Calgary degree team, assisted by W. S. Davidson, Dip. Supreme Dictator of Alberta. After initiation a corn cob pipe smoker was held, and the following programme was rendered: Dance—Fred Lund. Song—Harry Scher. Song—W. H. Hadley. Instrumental Solos—Mr. Webb. Song—L. M. Gaetz. Song—"I'm the Guy" — G. R. Kivell. The evening ended with sapper. Charter closes on May 6th. Frank Michener rode the Moose goat.

Oddfellows' Parade

The Oddfellows of Red Deer turned out strong on Sunday morning last, on the thirty-fourth anniversary of the order, although the weather was rather disagreeable, and marched to St. Luke's Episcopal Church, where appropriate services were presided by Rev. C. W. G. Moore. Bro. Walter Trump acted as Marshall for the occasion.

Sylvan Lake

The ice on Sylvan Lake broke up on Saturday, April 26th, without any warning, and the wind blowing from the north caused it to pile up at once, causing a great deal of destruction. Messrs. Greene & Payne's boat house, was lifted off the piles and driven onto the shore, becoming a total wreck.

A meeting of the inhabitants of Sylvan Lake was held on Saturday last, and arrangements were made for a projected regatta to be held about June. It was also decided to build a wharf opposite Loiselle Ave. for the accommodation of yachts and boats.

Conservatives Now Sure of Seventeen Seats in the Next Legislature

Liberals Certain of Thirty, With Three Others Not Officially Reported On At Date

Owing to various difficulties which have to be contended with in all elections in such a province as Alberta, several constituencies could not make definite returns even yesterday. From those for which returns have been made, however, these candidates have been declared to have been successful in attaining election to the legislature: CONSERVATIVES ELECTED. Alexandra—J. R. Lowery. Calgary South—Dr. T. H. Blow. Calgary North—T. M. Tweedie, K.C. Calgary North—B. Hillhouse. Edmonton—A. F. Ewing, K.C. 194 Edmonton South—H. Crawford. High River—Dr. Stanley. Innisfail—Fred Archer. Lethbridge—Dr. J. S. Stewart. Medicine Hat—Mayor Nelson Snower. Macleod—Robert Patterson. Okotoks—George H. Brown. Pincher Creek—John Kemmis. Red Deer—Edward Michener. Rocky Mountain—R. J. Campbell. Stony Plain—Conrad Weidenhammer. Wainwright—George L. Hudson. SEVENTEEN SEATS ALREADY. These assured results give the Conservatives 17 seats in the legislature. Others may be added to them within a day or two. It is very probable, indeed, that A. Williamson Taylor will carry Clearwater; that H. H. Verge eventually will carry Ed-on, and that F. D. Arrivage will carry Pembina.

That being so, the Conservatives will have 20 seats out of the 54 already contested. There remains to be contested the two deferred elections in Peace River and Athabasca. Wrists have not been issued for these elections. The probability is, though, that the Conservatives stand an equal chance with the Liberals in winning these seats. Meanwhile it is a safe estimate to say that out of the 54 seats already contested, the Conservatives have 20.

Western Producers Meet

A convention of handlers of produce from all parts of the province met yesterday afternoon in the City Hall and formed themselves into the Western Producers' Association. The objects of the association, as outlined by Mr. Duolos, president of the Edmonton Produce Company and the Edmonton Cold Storage Company, are as follows:

To foster trade between the grower and the consumer; to secure better transportation service and lower rates; to suggest legislation in the interest of the people; to work with the producer; to encourage mixed farming; and to create a standard for all produce. Mr. Duolos announced that a butter board will be established as a result of the organization. He added: "Alberta should be an exporting province instead of an importing province, and I believe this can be brought about. We have a wonderful country from south to north and from east to west. We need more farmers who will give attention to the small things. Mixed farming is the solution. Many of the newcomers into the province are versed in diversified farming and they will supply many of the necessities at prices within reason." Mr. Duolos said also that efforts are being made to induce the delegates to the convention of the International Association of Refrigeration which will meet in Chicago next September, to visit Alberta on returning from a trip to the Panama Canal.

Fire Laddies Thank Their Friends

Fire Hall, Red Deer, Alberta. Sir—The Fire Brigade wish to thank, through your paper, the following merchants and ladies who so kindly assisted them with the annual dance: W. E. Lord Co., McLean Bros., T. A. Gaetz, P. Burns & Co., G. H. Wilson & Co., The Home Bakery, The Alberta Hotel. Mesdames Meeres, Rubie Lee, J. Pender, H. Wright, A. Heywood, Hewson, R. Stone, H. G. Stone, J. Malcolm, D. White, Dorrance. We remain, yours truly, THE RED DEER FIRE BRIGADE. Pro. A. G. Taylor, Secretary.

"The Lucky Seven" At Home

Seven of the young men of the town, calling themselves "The Lucky Seven," viz.: J. G. Gillespie, L. F. Page, C. H. Chapman, S. L. Cunningham, W. J. Hyde, W. E. Robinson and Dr. Mackenzie, invited a large number of their friends to a dance which was held in the Parish Hall last Wednesday evening. The hall was artistically decorated with flags and bunting. The splendid music, perfect floor and refreshment supper made this dance long to be remembered. In truth, nobody wanted to go home, and it was a late hour before this most delightful of dances broke up. The patronesses were Mrs. W. H. Cottingham, Mrs. W. Breden Galbraith, Mrs. G. Wallington Greene, Mrs. George H. Lindsay, Mrs. W. E. Lord, Mrs. W. H. Plaxton, Mrs. A. E. Page, and Mrs. R. Parsons, all of whom carried bunches of roses, presented to them by the hosts. The out of town guests were Mr. and Mrs. W. Wright, of Wetaskiwin; Mr. and Mrs. Simpson, the Misses Simpson, of Lacombe; Miss Campbell and D. Campbell, Ponoka. Among the many pretty gowns noticed, were: Mrs. W. Wright (Wetaskiwin) pink satin with handsome tunic; Mrs. Graham (Lacombe) a study in blue; Mrs. F. M. Hackling, black satin, touches of orange; Mrs. A. E. Page, Paris gown, black bugled net, over rose satin; Mrs. G. W. Greene, grey satin, crystal tiara in hair; Mrs. W. H. Cottingham, black, overrose satin, over dress of nixon; Mrs. W. B. Galbraith, white satin with Brussels lace draperies; Mrs. M. A. Munro, white satin, crystal trimmings; Mrs. J. A. Moore, white silk, trimmings of Limerick lace; Mrs. W. E. Lord, black velvet, carriekearross lace trimmings; Mrs. J. C. Moore, old rose silk, heavily embroidered; Mrs. R. Parsons, Paris gown in black and white; Mrs. G. H. Lindsay, cream silk, touches of pink; Mrs. N. Murphy, black and gold satin; Mrs. A. T. Stephenson, pink brocade; Mrs. W. Plaxton, pale pink satin, princess lace tunic; Mrs. R. B. Welliver, white satin, pink silk draperies; Mrs. H. L. Gaetz, blue satin, crystal trimmings; Mrs. J. A. Carswell, old rose silk foulard; Mrs. C. W. Sanders, pink charmesse lace tunic; Madame Guigay, Alice blue tunic; Mrs. G. H. McLean, pale green satin, with handsome lace overdress; Mrs. D. W. Gray, blue satin; Miss Campbell (Ponoka) white tunic, cream chiffon tunic; Miss Simpson (Lacombe) pretty white silk; Miss A. Simpson (Lacombe) shaded pink satin; Miss Ebert, soft white satin overdress, fringed crystal trimmings; Miss Harry, mauve silk, veiled in mauve chiffon; Miss Cottingham, bell blue silk, touches of lace French roses; Miss Miller, white, point d'esprit; L. Smith, white silk, shadow lace tunic; Miss Hives, very pretty fawn voile; Miss Hill, blue silk; Miss McLean, green silk; Mrs. L. M. Gaetz, pretty gown in white silk; Miss McCulloch, Miss Dinarsore and Miss McDougall, prettily gowned in white.

MANAGING MILDRED. This sparkling musical comedy was put on at the Empress on Saturday night to a good house by Julia Bush, her electric company. The special ladies' orchestra was a strong feature, and the play throughout was clean, wholesome and most amusing, and the Empress people are to be congratulated on furnishing the people of Red Deer with such an attractive play.

A special programme of pictures at the Empress, Saturday, May 3rd, matinee and night.

The Orangenmen of Canada have advanced the money to take the Tronlay-Despatis marriage case to the Privy Council in the next case. This is a case of third cousins being married, and not knowing of the relationship at the time, and afterwards being husband and wife in the Catholic church, which annulled the marriage, and the Quebec courts upheld the decision.

GETTING DOWN TO BUSINESS.

The closure was carried Wednesday last, in the House of Commons, by a majority of 35, and the country is now getting down to business.

The blatherites are now out of business, and have been relegated to outer darkness.

Dr. Clark, the member for Red Deer, has been one of the most outrageous figures on the floor of the House.

The disgrace heaped upon this riding by his vulgar display when he was named, and would have been expelled from a seat on the floor of the House but for the kindness of Mr. Borden.

He has cost the country tens of thousands of dollars by his senseless obstruction and wordy jabbering, and acts like a man devoid of his senses.

His last utterance before the closure was passed was to the effect that it was a pity Sir Edward Osler had not been chloroformed before the closure passed.

This is only one of a pair with some of his other heavy victimizations.

A miserable imbecile could hardly make a worse exhibition of himself than the member for Red Deer has done during the present session.

But now if he wants to jabber, he can go outside and talk to the stars, where he won't bother other people, where the country won't have to pay for his senseless remarks, and where he cannot obstruct the business of the country.

A REGATTA AT SYLVAN LAKE.

A strong effort is being made to have a full-fledged, grand regatta at Sylvan Lake some time in June.

Steps are already being taken to make complete arrangements, and everything points to it being a success.

The Alberta Central Railway track material is now on the way, and track laying will begin very shortly.

It is expected the line to Sylvan Lake will be completed by the first of June. If this should be the case, an excursion to the lake would be a most popular event, and hundreds who have never been to this well known watering place would take advantage of the opportunity to visit it by train.

We hope the railway will be completed in time, and nothing will prevent the regatta being held, as it would be the first event of the kind held in the province, and would be a great drawing card, not only for Sylvan Lake, but for the city of Red Deer.

THE WHITE PLUMES ARE SOILED.

No one knows better than does Sir Wilfrid Laurier that he has brought down upon his own head the cause of the displeasure of the people of Canada. He has held this country up to ridicule on the continent of Europe. He has made a political football of a great national question and duty. And in so doing he has been playing with the fire which is now destroying him as a political force in Canada.

The European nations saw in the proposals of the Borden government to increase the effective naval forces of the Empire, the scattering of their dream to oust Britannia from her long and historic rule of "ruling the waves."

With the young men flocking to the side of the old lion, they faced the situation of not merely threatening the supremacy of England on the seas but the supremacy of a United Empire. And since Laurier has brought politics into the thing, the chancelleries of Europe breathe freely again. They see that the Canadian cab has grave doubts of fighting alongside its mother.

The Laurier who believes in the ultimate independence of Canada has succeeded in his nefarious design. He has made of Canada a laughing stock. He has openly allowed his followers to preach secession upon the very floors of Parliament. He has cheered references to the "Boston Tea Party" and the "Fourth of July." That is the Laurier who wants the people to place him once more in office. It is safe to say that should the Laurierites ever gain power in the future Canada's part in Imperial defence or the protection of her own coasts will never rise above the standard set by the Niobe and

Rainbow.

But the people are unfeignedly ashamed of Laurier and his tactics. And they would wish nothing better than a chance to express their views at the polls. The old guard of independence would be defeated.

The Liberals in Parliament are divided among themselves. Pugsley, the "sawdust wharf" hero, and George Graham, the much over-rated Liberal machine operator, are squabbling over the position of first lieutenant to Laurier. The party is broken up into many factions. And yet these petty politicians expect the people to take seriously their claim that they are the one and only party to govern Canada. Verily the cold assumption of these mediocrities passeth all understanding!

What will the Senate do after the Naval Bill passes the Commons? No doubt, the Senate would like to throw it out; for partisanship is as strong in the Senate as in the Commons, but the leaders may have their doubts as to the advisability of doing this. They were not very fortunate last year in the selection of the three bills which they threw out. It did not do the Liberal party any good to have the Senate throw out the Tariff Commission Bill, the Highways Improvement Measure and the subsidy to the T. & N. O. Ry., and it will do the Senate injury as well as the Liberal party inasmuch as the Navy Bill is thrown out.

The Government never has lost regarding the backing of the country in its efforts to break down minority rule. There is no sentiment of sympathy anywhere in Canada for the misguided men who in their frantic desire to do nothing for England, brought down on their necks the guillotine of closure. The only criticism of the government's action may be that it was not applied sooner.

Out of the strife and tumult, one act stands pre-eminent. The Liberal leaders are opposed to rendering effective and immediate aid to the naval defence of the Empire. They may endeavor to beloud the issue, but on their record in this regard they have already been judged and condemned by the great jury of the Canadian people.

"All that we desire—and I speak in the most absolute sincerity—is to bring about such conditions as will permit to each and every member of the Opposition all reasonable freedom of debate, and at the same time permit the government and the majority in this House to go on, in a reasonable way, with the public business of the country."—Rt. Hon. R. L. Borden.

Where is that pride in British institutions of which Laurier was wont to boast? He has added and added his followers in their efforts to bring the good name of the Canadian Parliament into disrepute. He has openly gloried in the fact that Dr. Clark of Red Deer was "named" for grossly insulting Mr. Speaker. Any future boasts of Laurier of his love for British institutions will be judged in view of his performances.

THE SIFTON GOVERNMENT CONDONED.

(Regina Province).

The provincial elections in Alberta on Thursday resulted much as was to have been expected in the circumstances. The Sifton Government was sustained, but Alberta is to be congratulated on the fact that an opposition quite respectable in numbers and ability will be in the next Legislature to guard the public interests.

Mr. Michener and his followers have reason to feel proud of the showing they have made in the face of an unscrupulous and well organized electoral machine at its command. The Opposition was weak in the last Legislature, and its organization throughout the province left much to be desired. The elections were sprung upon the country at a busy time of the year, with seedling well under way, and a very short time was given to place the issues of the campaign before the electors. This course was adopted by the government in the apparently well founded belief that it would reap advantage therefrom.

It was afraid of public discussion. That it had reason to fear a full and fair discussion of the issues is shown by the fact that nearly all the candidates decided against it. People in the cities have greater opportunities for keeping informed upon public questions than the people in the country districts, and there is good reason to believe that had fair time and opportunity been given to present the issues fairly to the country electors, the results would have been different. Where the Opposition had a fair chance to lay the issues before the electors, they made decided gains. Mr. Mich-

ener not only held his own seat, but will appear in the next Legislature with a following which will be able to give good service to the province. The record of the Sifton Government has been bad. It has managed, however, to snatch another lease of power by a catchy vote. It will have problems to solve which it has so far evaded. It has injured the credit of the province in the money markets of the world, and went to the country with the Alberta and Great Waterways muddle in worse condition than when it took power. A solution will have to be found, and it is almost certain that the taxpayers of Alberta will have to pay the price of its inactivity, if not worse.

The Opposition have in these and other questions opportunities to protect the public from further exploitation. It will not have done its full duty until it lays bare the full details of the \$750,000 which disappeared from the A. and G.W. bonds in a mysterious manner. The Opposition may be beaten, but it has gained much also in public esteem, and has solid work before it to perform.

Annual Cricket Club Meeting

The annual meeting of the Red Deer Cricket Club was held in Mr. Chapman's office last Friday evening. The Rev. C. W. G. Moore presided, and the following gentlemen were present: Messrs. John, Chapman, Brokenshire, LeGros, N. White, Perry, J. Mann, A. Mann, J. E. Holloway and Wood.

Last season's secretary read the financial report, which proved to be favorable, showing a small margin on the right side of the ledger:

Cash account \$ 4.65
Balance in hand \$1.00
Subscriptions \$1.00
Material, etc. 69.60

Dray work 6.00
Alberta Cricket Association 6.00
Work on ground, 1911..... 17.55
Balance at Bank 6.50
Total \$105.65

The next business was the selection of officers, which resulted as follows:

Honorary Pres.—Mr. E. Michener.
Honorary Vice-Pres.—Mr. R. B. Welliver.
Patrons—Capt. Cottingham, Messrs T. A. Gaetz, C. A. Julian-Sharman, A. T. Stephenson and S. Wilson.

President—P. W. Galbraith.
Vice-President—Lloyd-Williams.
Captain—Rev. C. W. G. Moore.
Vice-Captain—E. G. Johns.
Secretary—G. Clowes.

Selection Committee: Captain, Vice Captain, Secretary, Chapman and J. Mann.

It was decided to use the same grounds as last year for practice, opposite the Red Deer creamery; for matches, the Exhibition grounds, providing permission was obtained from the city.

It was felt necessary to raise the playing members' subscription to \$5. There are several new cricketers in town, and the prospects of a most enjoyable season are extremely bright. The Club will welcome all interested to join in the practice, which will begin on Tuesday, April 23rd. For further particulars apply to the Secretary, Mr. Clowes.

Eckville & Gilby Co-operative Co., Ltd.

The first half-yearly general meeting of the Company was held in the Town Hall, Eckville, on Tuesday, the 15th inst. About sixty members attended. The directors made their report on the half year's business. They stated that the result was very satisfactory, and although there were only nineteen weeks of actual business, they recommended the payment of 7 per cent. interest on share capital. The members expressed their approval of the sound state of the Company's finances, and their appreciation of Mr. Litt's management. Some recommendations were made for the future. The directors impressed on the members the benefit derived from attention to butter making. Some loss had been experienced, the said, on the handling of produce, mainly owing to the irregular quality of the butter. Better markets would be found, if the butter was uniform. Some additions were made to the company's by-laws. Mr. E. M. Mathelet, and Mr. E. Mitzen, the retiring directors, were put forward for reelection. Mr. E. M. Mathelet was re-elected by acclamation. Mr. A. Isaacson was elected in the place of Mr. Mitzen. Mr. Edward S. Hussey was appointed auditor. A vote of thanks was passed to all concerned in the management.

Mr. and Mrs. Warren Stence and family of Cranbrook, B.C., are visiting Mrs. Stence's brother, Fred Brownrigg.

Mrs. Bont and Mr. Peets made a flying visit to Mr. Larsen's last Monday.

Mr. Harvey Kindree left Monday afternoon, after spending the winter with Mr. and Mrs. Parker.

John Rich sold his farm to A. DeBlain for \$3,500.

On the very poor sale last Tuesday, Mr. Kindree will not leave as early as he anticipated, as he has lots of stuff to dispose of before leaving.

ALL SKIN REMEDIES FAIL.

Many eczema sufferers have failed so utterly with salves and ointments, "discoveries" that even the assurance of the physician or druggist cannot induce them to invest another dollar in any remedy.

It is to these discouraged sufferers in particular that we now offer, at only 25 cents, a trial bottle of the accepted standard eczema remedy, a simple wash of oil of wintergreen, thymol and glycerine, as compounded in D.D.D. Prescription.

Hundreds of cures have convinced us, and we know you can prove instantly with the first application of D.D.D. Prescription that it takes away the itch at once. You have only to spend a quarter to get instant relief. Isn't it worth while?

VARICOSE VEINS CURED
NO NAMES USED WITHOUT WRITTEN CONSENT.
Confined to His Home for Weeks.

"Heavy work, severe strain and evil habits in youth brought on varicose veins. When I would find the swelling would become severe and I was often laid up for a week at a time. My family physician told me no operation was my only hope, but I desired I tried several specialists, but soon found out all they wanted was my money. I commenced to look upon all doctors as little better than rogues. One day my mother asked me why I was off work so much and I told him my condition. He advised me to consult Dr. Kennedy & Kennedy, as he had taken treatment from them himself and knew the best means and method. I wrote them and got Dr. Kennedy's Varico Cure. My progress was somewhat slow and during the first month's treatment I was in bed most of the time. I continued treatment for three months longer and was rewarded with a complete cure. I could only give \$15 a week in a machine shop before treatment, now I am earning \$30 and never loses a day. I wish all sufferers know of your valuable treatment."
HENRY C. LOOBY.

Eckville

Eckville will hold a celebration on Victoria Day.
H. Palmer made a business trip to Mountain House on Thursday. Carpenters are busy in town since the fine weather started. Mr. G. Sestrop is putting up a new dwelling, and Mr. P. Liner is building a restaurant on the corner of Main and Railway Streets.
A number of the young people attended the dance on Friday evening, and all report a good time.
Bo-n-On Wednesday, April 23rd, to Mr. and Mrs. Banton, a daughter. The Northern Construction Co. brought up a steam shovel to use in the gravel pit near Leslieville, but were prevented from doing so by an injunction from the C.P.R. It is likely this difficulty will soon be overcome and work at the pit commenced.
C. Kitchen has finished painting C. Gustafson's livery barn. It is hoped others will notice the great improvement and will treat their building to a coat of paint.

REVIVAL OF THE FAN

Has Not Been in Fashion Since the Revolution

A revival of the fan is talked of. The fan fell into disuse at the time of the French Revolution and has never quite recovered its sway, though it has been in and out of fashion many times since then.
Things are, says a famous fan maker of the present day, looking brighter and prophesies of a revival of the art are not without visible proof in the increasing numbers of hand-painted and lace fans now being sold.
Queen Mary's taste in fans is wide; known, as is also that of Queen Alexandra. One by one the old fans are reappearing from the wardrobes and presses where they were carefully laid by our great-grandmothers.
Of the modern fans some of the newest are of hand-made lace, usually Brussels point, with a hand-painted gauze medallion. The novelty lies in the fact that the reverse carries the idea worked out in the design on the front.

HANDY ELECTRIC STOVE

New Invention Also Has Fireless Cooker Attachment

A combination electric stove and fireless cooker has been patented by a Western man. It is said to use electric heat only and to give off practically no heat in a room. The stove is in upright form and the cooker has an opening into the oven instead of at the top. The oven is made of heavy sheet copper with joints double seamed and soldered outside and the

DOES NOT HEAT UP ROOM.
Heat from the current is applied directly to the radiator in the oven. It is claimed that in 15 to 30 minutes enough heat can be accumulated in this radiator to cook for half a day. In a small home, a stove of this type would be ideal, because of being fireless and because it does not give off so much heat that a small kitchen is made almost suffocating.

YET THEY WANT TO VOTE

They stood outside the busy shop, And gazed at things displayed:
At hats and gowns and lingerie,
For widow, wife and maid.
"A pretty thing," she said at last,
And pointed at a hat.
"A pretty thing!" she quick returned,
"Why no one's wearing that!"
He remained discreetly silent,
Till he saw a tailored suit.
"There!" he cried, "is a corset;
That's what I call a heat!"
She turned on him a glance of scorn,
A glance that crushed him flat;
And the verdict that she uttered was:
"They all are wearing that!"

Concrete is the best building material

A BROAD statement—Yet literally true. The aim of man from the beginning has been to make his building materials as nearly like natural stone as possible. The great labor required to quarry stone led him to seek various manufactured substitutes. The only reason he ever used wood was that it was easiest to get and most convenient to use. Wood is no longer easy to get. Like most building material, its cost is increasing at an alarming rate. The cost of concrete is decreasing. So, from the standpoint of either service or economy, Concrete is the best building material. Canada's farmers are using more concrete, in proportion to their numbers, than the farmers of any other country. Why? Because they are being supplied with

CITY COUNCIL

The regular meeting of the City Council was held on Thursday evening last, with His Worship Mayor F. W. Galbraith in the chair, and Aldermen Botterill, Carscallen, Lord, Smith, Murrin and Carswell in attendance.

CORRESPONDENCE.

A letter was read from A. H. McKinnon, on behalf of the Board of Trade, asking for a grant of \$2,500 to carry out the work outlined by the Board for the coming year. The matter will be taken up in the estimates.

A letter was read from Board of Trade Commissioner, A. H. McKinnon, asking the cooperation of the Council in the matter of the Alberta Hotel. The Board of Trade feel that unless part of the hotel is pulled down and a more safe building put in its place, it will be incumbent on the Board to oppose the granting of the license at the next licensing sessions.

John Malcolm was a deputation on behalf of Mrs. Young, asking permission to add a metal clad addition to her present building. The matter was gone into very fully, and it was felt that owing to the unsatisfactory state of the present building by-law, and pending the receipt of the new building by-law, that each application should be dealt with on its merits.

Moved by Aldermen Carscallen and Smith—that the application of Mrs. Young for permission to erect an addition to her house on 1st St. N., be granted. Carried.

Mayor Galbraith voted against the motion, believing that the by-law on the matter should be carried out. Councillor Kent and Secretary Watson, of the village of North Red Deer, interviewed the city Commissioners with a request for the use of the city's nuisance grounds, afterwards confirming the matter taken up in writing. Referred to Commissioners.

A deputation from the Hospital Board, consisting of President Tallman, Secretary Allen and G. W. Greene, waited on the Council, asking for some arrangement between the Hospital Board and Council as to a better understanding of the rights of the Board. Formerly the Hospital itself was a guarantee that all financial agreements entered into would be met. Now that the Hospital has been transferred to the city, the Hospital Board will have to be personally responsible for overdrafts or money obligations of the institution. This was not right, and the Council should meet the Board, and come to some arrangement of fact, furnishing financial aid enough to carry on the hospital or make some arrangement whereby the directors will be relieved from this responsibility.

Moved by Aldermen Botterill and Murrin—that the Commissioners and Aldermen Carscallen be a committee to meet with a committee from the Memorial Hospital directors to outline an arrangement with a view to having the entire relations of the two bodies finally and harmoniously adjusted, and to report if possible at next meeting of the Council. Carried.

COMMISSIONERS' REPORT.

The Commissioners brought in the following reports:

We instructed Health Inspector Anguist to notify all milk dealers in Red Deer to furnish the required certificates from a veterinary surgeon and take out their licenses at once. He did so and accompanied Dr. McEwan to make some inspections. One farmer whose cows the doctor said should be tested for tuberculosis refused to pay for having the test made, and they have not been tested yet. As no licenses have been taken out as yet, we would like your instructions as to what to do. We had reports of the night scavenger not doing his work properly, and instructed the Health Inspector to examine and report on conditions. He found that the night soil had been spread on top of the ground in West Park, and that garbage and dead animals and putrid meat had been dumped by the scavenger on the surface of the ground across the C.P.R. tracks near West Park. The scavenger was immediately suspended and A. McPherson appointed to attend to this work.

Your Commissioners and Engineer have discussed with Mr. Sharnan the question of getting the earth from the new post office excavation for Gaetz Ave. South. It was arranged that the city should pay 95¢ per yard for the soil delivered on Gaetz Ave. at the nearest end of the fill, the city to level as desired. This arrangement made it necessary to decline the offer of Hewson & Sons to gravel the street for \$2,000. The balance of the fill will be made with earth obtained from the nearest point.

Mr. Hove of the Forest City Paving Co. arrived in town this week and will commence work on his unfinished contract of last year. We have requested the engineer to have the walks on Gaetz Ave. South completed as soon as possible. As some filling is to be done there before the walks are laid, it may be necessary to lay walks on another street first. If this is the case, we would recommend that the walks on Waskasoo Ave. be laid, as there is only a two-plank walk on one side of the street.

Councillor Kent and Secretary Watson of the village of North Red Deer interviewed us regarding the village using the city's nuisance ground. The arrangement made, subject to your confirmation, was for the village to be allowed to use the nuisance ground and the earth for night soil under the supervision of our Health Inspector for \$100.00 for this year, the city to be responsible for inspection of the grounds and the burning of the rubbish. We recommended that the offer of the village of North Red Deer, submitted herewith, be accepted.

The ice went out of the river on the night of the 11th inst., and the water lowered immediately. A great deal of debris has been deposited in the Park which will have to be cleared out. The new walls were filled with debris which was cleared out.

The top of the old waterworks intake has been entirely destroyed and a length of the new intake pipe destroyed. The broken length will be removed and a screen placed over the intake at the present. Later on a new length of pipe will be connected. We will report on the old intake basin and a method of protection for the intake pipe later.

The ice carried out the old foot-bridge across Waskasoo Creek on 2nd St. N. A new foot bridge has been built there.

The principal streets have been cleaned up and rubbish removed from them. Michener Hill, near the top, has required some repairing, and is still in poor shape, as is also the Cemetery Hill. We will have the engineer report on a method of improving both of these hills. Generally, the streets are in good condition, though rough in places.

Mr. Haggard, of the Financial Post, spent last Saturday in the city. We showed him around.

We called for specifications and tenders for 8 waste-paper cans, and submit them herewith. We recommend the acceptance of the tender of the Day Hardware Co.

The Health Inspector has been instructed to prosecute all persons dumping excrement or garbage in any place except the nuisance ground without his permission.

We submit herewith plan of a re-subdivision of Lots 14, 15, 16, Block A, Plan K.1., owned by T. H. Gudmundson, for which approval is asked.

to near the main gate and an out-house be provided for the use of visitors.

3. That the east half of the cemetery be plowed, levelled and surveyed into lots to conform to the layout of the west half, except that the lots in the north half of the new part be surveyed into single lots.

4. That a water connection be laid from the main into the cemetery and barrels provided for holding water.

5. That a ditch be made to drain the low ground in front of the main gate, and they were giving this town the go-by.

Moved by Aldermen Botterill and Lord—that the city file a protest against the granting of a renewal of license to the Alberta Hotel, and that the solicitors prepare the same for the Commissioners and that they assist the City Commissioners to prevent the same before the License Commissioners. Carried.

Moved by Aldermen Carscallen and Murrin—that the Commissioners be instructed to direct work on all consumers in arrears, after giving the thirty days' grace allowed in the by-law. Carried.

It being impossible to transact all business before the Council, it was decided to meet again in a few days.

It was decided to meet Friday morning at 10.30 o'clock and inspect the cement walks on Gaetz Avenue South.

The Council then adjourned at 11.30 o'clock.

Scutari Falls After a Siege of Six Months

Montenegrins Force Entrance Into City.

Cettigne, Montenegro, April 23.—After a final desperate attack lasting twenty-four hours, the Montenegrin troops forced their way into Scutari. The fortress for six months, since the middle of October, 1912, had offered a stubborn and heroic defence.

The assault which gave the Montenegrins possession of the city, which has been the sole object of their war against the Turks, began on Monday night. The Montenegrin army took the offensive along the entire front. They surprised the Ottoman defenders by pushing right up to the walls and leaving their positions in the hands of the besiegers, who received constant reinforcements. It was midnight last night when the Montenegrin troops entered the city at 4 o'clock this morning.

According to one report, Esad Pasha, the Turkish commander-in-chief, recognized the uselessness of further resistance after the only key position of Tatakash had fallen. He is said then to have ordered his troops to cease their defence of the fortress.

Another report says that the Montenegrin commander-in-chief has been negotiating since Monday with Esad Pasha for the surrender of the place.

Still another account says that the Turkish troops defended the city until the last.

Although the Serbian troops did not participate in the final attack, their artillery was used by the Montenegrin gunners, and it is said that this fact their success was largely due.

The act of capitulation was signed by the Turkish commander shortly after the Montenegrin troops had reached the centre of the city.

To the newcomer a little snow at this time of year looks cold and dreary, but it has to come, and the only way for us to have warmer weather is to have snow. We have had several days of it now, so we may look for warmer weather to-day.

E. Gheer, managing director of the Brazeau Collieries, of Toronto, purchased W. H. Hammond's fine residence on First Street East, last week, for \$5,000, spot cash. Mr. Gheer will come to Red Deer to reside. Latimer & Botterill put the deal through.

The third anniversary of the Leonard Gaetz Memorial Methodist Church will be celebrated next Sunday. Rev. Aubrey Little, M.A., of Calgary, will preach both morning and evening. The choir, under the direction of Mr. J. E. Welton, will furnish special music.

Dr. Gray is now a firm believer in advertising. He lost a valuable colt, and notified the police and posted up notices, but nothing came of it. He put an ad. in the News, and a farmer told him a few hours after the paper was published that the animal was on his farm, having seen the ad. in his paper. He pays to advertise.

Old timers and strangers, young and old, who are interested in the work of the Presbyterian Church, Red Deer, are invited by the Ladies' Aid Society to spend a social evening together on Thursday, May 1st, in the Church Hall. These socials have always been well attended and most enjoyable, and this will be no exception. Be on hand at 8 o'clock.

A short time ago we noticed a splendid shipment of Ayrshire cows going out of Red Deer. They were billed for Gilbert Plains, Manitoba, and were shipped by the well known Ayrshire breeders, J. J. Richards & Sons. The fact that farmers and breeders of first class stock come all the way to Alberta to buy animals, shows how well known our breeders are becoming. This shipment was composed entirely of cows, and a splendid lot they were.

Harry Haines returned a short time ago from the Old Country, having had a most enjoyable time there. Wilfrid Paterson, who is now in Red Deer, gave Harry the time of his life in London, for which he is very grateful. Robert Pace has returned, accompanied by his daughter, who was attending school in Finland. They both report having seen Dr. and Mrs. Colton in London. They were having a good time and wished to be remembered to all old friends.

Last evening the city of Red Deer took another step forward, when the Town street lights in Waskasoo were lit for the first time. This lighting system is the same as that used in the best residential districts of the city of Toronto, and has proven very popular there. Waskasoo has a total of nearly a mile of streets lighted by this system at present, and probably more will be added. We are indebted to the enterprise of two of our citizens for this most modern touch to our city, as these lights are put in by them and kept lighted at their expense for three years, or until such time as Waskasoo is taken into the city.

C. E. Hall is putting on a big clearing-out sale, commencing on Thursday, May 1st, particulars of which will be found in another column. Mr. Hall has rented large premises on Sumner Street, Edmonton, where he will open his business with a \$10,000 stock shortly. While we regret Mr. Hall's removal from town, we wish him all success in his new and enlarged field of labor. But C. E. has so many friends in town, and he is so attached to us all, that we believe that, like a good many others, he will eventually return his way back to Red Deer. For the present our loss is Edmonton's gain, and we wish him all success in his new venture.

See life-size pictures at the Empress.

Red Deer West is growing. Dr. Washburn, of Bowden, was in town last week.

The Piper Brick Co. will start making bricks this week.

The Empress Theatre shows the best pictures in the city.

St. Luke's choir will give a grand concert and dance, in aid of the Parish Hall, on Friday evening, May 2nd.

Croquet sets, tennis, lacrosse and baseballs, also fishing tackle and hammocks at John McVicar's bookstore.

The second football games in the City League, between the Firemen and Callies, will be played to-morrow night.

John Reid has moved his shoe repair shop from near the Merchants Bank to one door west of the Palace Library.

The wind last week was the fiercest experienced in this part for some time, but no damage was done so far as we know.

All Orangemen are requested to attend the regular meeting on Friday, May 2nd, as there is special business and degree work on that night.

At the meeting of the Provincial License Commissioners in Calgary on Thursday, the application for a liquor license for the Leisler hotel at Sylvan Lake was refused.

Howard Crocker returned a few days ago from the north, where he took a large band of horses recently. H. made good sales, and is well satisfied with his venture.

A. H. Hamilton-Jackson has commenced business here as accountant, auditor and stenographer, and will be glad to hear from any desiring such services. P.O. Box 375.

The Western Canada Baseball League schedule opens on May 5, Calgary playing at Edmonton. Edmonton, Calgary, Medicine Hat, Moose Jaw, Regina and Saskatoon comprise the league.

Mr. and Mrs. Laurie Gould left on Saturday last for a short visit at Banff. Mr. Gould has had rheumatism very bad lately, and thinks a rest and the curing waters at Banff may help him.

The first game of the City Football League was played last night between the School and Caledonian teams, resulting in a goalless draw. The play was rather ragged, owing to lack of practice, but this will soon wear off, as there is much enthusiasm among the players.

You are cordially invited to call on Friday and Saturday, May 2nd and 3rd, when Mr. White, an authority on all that is up-to-date in with us. A full range of seasonable clothing in suits and overcoats, also models, will be shown. We recommend-to-Measure Tailoring, will be perfectly suggest that you select your requirements now for the season, and especially for the 24th of May. Your reservation will be sent you at any later date designated by you. Yours truly,—Brown & Fulton, Red Deer, Alta.

The Sixth Annual Alberta Musical Festival will be held in Edmonton on the 27th, 28th and 29th of May. The choir of the Central Methodist Church, Calgary, under the direction of Mr. Wind V. Oaten, organist and arrangements have been made where by this splendid choir, comprising a quartette of soloists, will give a concert in the Methodist Church, Red Deer, on the evening of the 28th. Mr. Oaten will, during the programme, give a number of organ solos, and a most enjoyable musical evening is promised.
